August 30, 2010

Dear Parent/ Guardian:

You can help your child succeed in school by enrolling him or her in a free tutoring program. The No Child Left Behind Act provides funds for your child to receive free after-school tutoring in reading or math. This free tutoring is available because your child's school is in its second year or more of "School Improvement" status. "School Improvement" means your child's school did not meet Ohio's goals in reading or math for two years or more.

Your child can receive this free tutoring if he/she meets all of the following criteria:

- Attends a school designated as in need of School Improvement (year 2 or more)
- Qualifies for a free or reduced-price lunch
- Is enrolled in grades K-12

You can choose from a variety of approved tutoring providers and locations. Enclosed you will find a list of providers approved by the Ohio Department of Education. You may review the approved providers by visiting the department's web site at [http://webap1.ode.state.oh.us/provider\\_proposal/lookup/](http://webap1.ode.state.oh.us/provider_proposal/lookup/)

When you are ready to make a decision for your child to receive tutoring, please do the following:

- Select a provider
- Complete the enclosed Supplemental Services Student Registration form
- Return the completed form to the Office of Supplemental Services at the address below or to your child's school on or before September 13, 2010.

Office of Supplemental Services

Northgate Center

6655 Sharon Woods Blvd.

Columbus, Ohio 43229

Please do not delay your decision as only a limited number of students can be served due to funding resources. If you have any further questions about these services, please call the Office of Supplemental Services at (614) 365-5010.

Sincerely,

Gene T. Harris, Ph.D.

Superintendent/CEO

GTH/GAL/fym

The Columbus City School District does not discriminate because of race, color, national origin, religion, sex or handicap with regard to admission, access, treatment or employment. This policy is applicable in all district programs and activities.

**Description of Services:** Education of Excellence Academic Services is a high quality tutoring service that focuses on enhancing academic achievement for children in grades K-12 by increasing literacy and basic math skills. Our highly qualified tutors seek to stimulate creative thoughts and to equip students with the tools needed to be successful in the classroom. This will be accomplished by utilizing grade-based lessons that apply instructional practices which have been proven by scientific research to be most effective in assisting academically struggling students. Since good nutrition is essential to learning we provide the children with healthy snacks. Transportation is provided.

Math and Reading	K-12	M-Sat	1.5 – 2	4:00 – 7:00	25-32 Depends on funding	8:1 And 1:1	Yes	In some areas	Please contact Provider for specific location

**Description of Services:** Our organization tutors students from Kindergarten through 12<sup>th</sup> grade in reading and mathematics. After assessing our students with a pre-test we work to meet the instructional needs and specific objectives of the school districts that we serve. Each student enrolled is given 3-5 learning objectives to master, based on their pre-test diagnosis. The curriculum that the student receives is a personal prescription for achievement, which is driven by their pre-test scores. We provide tutoring in the pupil's home, community centers, libraries, recreation centers, and local churches.

Math Reading	K, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12	Mon - Sat	2	Varies based on school dismissal time	13	6:1	No	Yes	Please contact Provider for specific location

**Description of Services:** Mainstream Development Educational Group (MDEG) provides after school tutoring in math and reading to eligible students. MDEG uses the Great Source curricula published by Houghton Mifflin, which is aligned with the Ohio State Standards. The instructional strategies are student-centered and directed at improving competencies and addressing specific areas of weakness. These competencies are identified through an assessment process, which results in a plan (Individual Achievement Plan or IAP) tailored specifically to the needs of the individual learner. Tutors rely on the IAP as an instructional blueprint and the benchmarks in the IAP help determine satisfactory progress toward learning goals.

After completing our in-depth diagnostic, we will create an individualized and focused curriculum to provide your student with tailored and face-to-face instruction addressing their specific skill deficiencies. Experienced, caring instructors teach through personal interaction without the use of computers. Positive reinforcement is used to make learning fun. The program proceeds at your student's pace, allowing success at a rate that is appropriate for them.

**Description of Services:** Waiss Network Technologies focuses on tutoring, technology training, and educating school aged children. The organization provided after school programs for students between the ages of 5 to 18 years and its instructors are highly qualified and well prepared to attend to the daily challenges of enhancing the students' standard. Every student will be assigned a username and a password to access and get acquainted to our online web-based learning tool called Study Island. Study Island online tutoring will allow each student to customize his/her lesson and it will generate different report for each student, accordingly.
